

website:

Since its foundation, our company strives to offer the most advanced projects and products, answering the customers' requests and anticipating their needs.

company sector:

Our team is composed of designers, experts in graphics and specialized technicians providing an all-around support to customers: from brief to delivery.

18.12.00  
Printing

We take care of the whole process in the realization of complex projects, operating in complete autonomy with no external subcontracts in order to deliver finished products in a timely manner, every time.

company size:

Our team consists of highly skilled and ambitious people who love designing: ours is not just a working group, but a tight-knit team.

SME

We are strongly committed to sustainability applied to materials, and we operate in two important areas at the same time:

headquarter

Via Carlo Dragoni 47  
Zona ind.le Santa Fiora  
52037 Sansepolcro  
(AR)

1) Eco-sustainability of the product:

we invest in the research of increasingly GREEN and eco-sustainable materials;

2) Sustainability of the Supply Chain:

we are part of the first consortium for an eco-sustainable supply chain of Printing and Pop (ecoVprint) and we have embarked on a path to meet the standards for B Corp certification.
